

HAZARDOUS MATERIALS TRAINING

Hazardous Materials Training is a 2-day seminar that centers on regulatory training. The unique, function-specific format provides greater understanding and better retention. The seminar helps fulfill the 49 CFR Part 172 Subpart H recurrent training requirements.

Every employee involved in shipping, transporting or handling hazardous materials should receive training. The training must be updated whenever there is a regulation change affecting an employee's job tasks. Hazardous materials training must be repeated at least every 36 months

**This is a 2-day course for 1.0 CEU and 2 renewal points.*

**Lunch will be provided courtesy of Iowa Motor Truck Association*

BENEFITS

Through this course, you'll learn to:

- » Use the hazmat table and identify hazmat classes
