

# IMTA

## Your valued safety partner

### IMTA IS COMMITTED TO HELPING IOWA CARRIERS BE AS SAFE AS THEY POSSIBLY CAN BY PROVIDING MOCK AUDIT SERVICES

IMTA will provide a comprehensive review of your safety operation & provide you with the tools & guidance to ensure you are compliant.

#### WHAT THE CARRIER CAN EXPECT:

- » Submit driver and vehicle lists to our staff member
- » IMTA will review these items and request additional information, such as: *Proof of insurance, driver qualification files, hours of service documentation, vehicle maintenance documents, drug and alcohol testing records, accident records and hazmat shipping papers (if applicable)*
- » IMTA will audit the information and discuss findings and recommendations
- » A summary of findings and suggestions for ongoing improvement and compliance will be provided at the conclusion of the audit

#### REGULATORY MOCK AUDIT

Virtual or On-Site\*

4 HOURS = \$750

8 HOURS = \$1,250

\* Mileage and travel time are in addition to the pricing package

*The IMTA audit was perfect and exactly what we needed to ensure we are doing things the right way. The guidance provided during this audit solidified the things we were doing right and offered additional tools and better methods where we needed improvement. The ease of doing this virtually coupled with Allison's expertise and knowledge made this a valuable experience, additionally, working with Allison versus someone at the FMCSA also provided an important level of comfort. I highly recommend a mock audit for any size of carrier, this is the best investment you can make to make sure your program meets all the requirements.*
