CLEARFLEET

IOWA DOT'S NEW IRP AND IFTA SYSTEM WEBINAR
Tuesday, May 27th | 2:00 PM - 3:00 PM

COVERED IN THIS SESSION:

» An overview of the new system
» Demonstrate a few of the common transactions
» Open the meeting for Q&A with our subject matter experts and software development project team

We're excited to announce the upcoming launch of **ClearFleet**, Iowa DOT's new IRP and IFTA System. ClearFleet is a modernized system designed to make credentialing faster, simpler, and more efficient. Coming soon, ClearFleet will replace the existing system, bringing improved functionality and a more seamless user experience.

ClearFleet Will Streamline Processes With:

» An intuitive design and seamless integrations
» Simplified IRP registration and fuel tax reporting
» Auto-populated account information
» Reduced data entry with Vehicle information using the VIN decoder
» Document upload for quick submission of essential documentation
» Modern technology built specifically for motor carriers, service providers and agencies
» Less time on paperwork and more time on operations

PRESENTERS:

Patrick Rush | Iowa DOT
Motor Carrier Services Team
Motor Vehicle Division

Alex Jansen | Iowa DOT
Motor Carrier Compliance Officer
Motor Vehicle Division

Heidi Peterson & Whitney Raya
Product Management Team with Iteris
